

## **David Borsky**

### **Warehouse Associate**

David is a 2024 Cherry Hill High School East graduate and will be attending the University of Hartford in the fall. In high school David was involved in many extracurricular activities: History Club, STEM Club, Physics Club, Aerospace Club, Photography Club, Finance Club, JSU, ICS, AAC. But his most rewarding experience was the Robotics Club winning the New Jersey State Championship and earning 24th in the world.

David loves designing, building, learning, photography and anything creative. He first volunteered at BookSmiles two days a week for eight months until he was offered a job there and has been working part time ever since. This summer, however, he'll be seen a lot more in the Book Bank because he'll be working full time which he's very excited about. David excels in organization, efficiency, and encouraging teachers to feel comfortable taking books. He is excited to get to meet more people and help our mission to give everyone the education they rightfully deserve.
